**Strategies to Deal with Bullying**

All incidents of bullying at Richmond High School are dealt with quickly and efficiently.

**Physical bullying**

- The “Hands Off” policy is aimed in ensuring a non violent response to any confrontation situation between students. All actions which breach the “Hands Off” policy will incur serious consequences which may include:
  - formal caution.
  - detention.
  - suspension (short and long).

**Non physical bullying**

- Include incidents such as:
  - name calling or malicious gossip (including mobile phone and internet communication).
  - threatening behaviour and physical intimidation.
  - interfering with others belongings.
  - written material.
  - Cyber bullying.

These incidents will be dealt with at a variety of levels depending on severity.
What should we do if we are being bullied or if we see others being bullied?

All reports of bullying will be taken seriously and handled in a sensitive manner. If bullying occurs the actions outlined below should be taken:

**Students**

- Tell someone – the most appropriate person is the teacher responsible for you at the time of the incident eg. Classroom teacher, playground teacher.
- Talk to your Student Advisor or the Counsellor
- Where the bullying involves a serious assault, you should immediately report the incident to either the Deputy Principal or Principal.

**Staff**

If a student reports bullying or you witness bullying incidents yourself, it is suggested that:

- You listen to the student and acknowledge the seriousness of the incident. Offer the student the opportunity to write a statement no matter how trivial the incident may at first appear.
- Inform the Student Advisor or Head Teacher Welfare.
- Where the bullying involves a serious assault, you should immediately report the incident to either the Deputy Principal or Principal.

**Parents/Caregivers**

- Encourage your child to discuss any bullying and offer them strategies to help them manage any further incident.
- Discuss this policy with students and encourage them to follow the correct procedures.
- Contact the school if your child’s efforts to deal with bullying do not appear to be working. The first contact should be with the Student Advisor.
- When the school’s attempt to deal with reported bullying and victimisation do not appear to be working your assistance will be sought. In cases of serious physical bullying you will be automatically involved.
Bystander Behaviour

At Richmond High School we encourage students to take responsibility for finding solutions to bullying issues. Students are encouraged to act appropriately and actively as bystanders:

- Be a part of the solution, not part of the problem
- Don't join in the bullying
- Show the bully you disapprove
- Speak up for the person being targeted
- Offer support to the person being targeted
- Seek adult help if nothing is working

Cyber bullying

Cyber bullying is bullying that is carried out through an internet service, such as email, chat room, discussion group or instant messaging. It can also include bullying through mobile phone technologies such as short messaging service (SMS), in-phone cameras, social network sites.

Dealing with Cyber bullying

- Ignore it. Don’t respond to the bully. If they don’t get a response they may get bored and go away.
- Block the person.
- Tell someone. Tell an adult you can trust.
- Keep the evidence. This can be useful in tracking the bully. Save texts, emails, online conversations or social pages as evidence. It may be necessary to print the evidence before it is deleted.
- Report the bullying to:
  - The school, if it is related to the school. School bullying policies also apply to cyber bullying when there is a link to the school, or it occurs during the school day.
  - The website administrator.
  - The police. Cyber bullying is a crime. If there is a threat to your safety and wellbeing the police will help.
- Don’t forward or respond to any messages. Even though you are not the bully, you will be seen as part of the cyber bullying cycle.
